Online Scholarship Decisions
- Students who have submitted their confirmation deposit may accept or decline their scholarship offer online.
  - Log-in to AU Access at auaccess2.auburn.edu.
  - Select the ‘tiger i’ tab.
  - Select ‘Financial Aid’ in the ‘tiger i menu’ channel.
  - Select ‘Award’ under the ‘Financial Aid’ menu.
  - Select ‘Award for Aid Year’ and then ‘2013-14’ in the drop down menu. Click the ‘Submit’ button.
  - Select the ‘Accept Award Offer’ tab.
  - Select ‘Accept’ or ‘Decline’ from the drop down menu next to the appropriate scholarship.
  - Click the ‘Submit Decision’ button.

Receiving Scholarship Funds
- To receive scholarship funds beginning fall semester, students must:
  - Accept the scholarship online at auaccess2.auburn.edu.
  - Enroll at Auburn the summer or fall term immediately following their senior year of high school. Students enrolling the summer term immediately following their senior year of high school will not receive their scholarship until the fall semester.

- To receive scholarship funds any term, students must enroll for a minimum of 12 credit hours each term. Exceptions are granted for students registered for undergraduate graduation.
- Scholarship funds are applied as a credit to the student’s university billing account at the amount indicated in the scholarship award letter.

- Scholarship awards are divided equally between fall and spring semester and disburse approximately 10 days before the semester begins.
  - Scholarships awarded to students enrolled for less than 12 hours as of the last day to add courses, i.e. the 15th class day, will be cancelled for that term.
  - Scholarships that have already paid as the student was at one time enrolled for 12 or more hours but is enrolled for less than 12 hours as of the last day to add courses, i.e. the 15th class day, will be charged back for the term.

Scholarship Renewal
Freshman Scholarships are available for a maximum of eight semesters and are automatically renewed each year provided students:
- Maintain a 3.0 cumulative, unadjusted Auburn GPA.
  - Students have the fall and spring semesters of each academic year to achieve a 3.0 cumulative, unadjusted Auburn GPA.
  - The scholarship will not be renewed for the following academic year if the student’s cumulative, unadjusted Auburn GPA is below 3.0 following spring semester.
  - Auburn GPAs of 2.95 to 2.99 are not rounded to 3.0.
  - Scholarship reinstatement is not available, even if the student achieves a 3.0 cumulative, unadjusted Auburn GPA in a later term.
  - Only students who obtain a medical resignation or military withdrawal or participate in the Cooperative Education program during the fall or spring semester of an academic year will be given through the summer term to achieve a 3.0 cumulative, unadjusted Auburn GPA.

- Maintain minimum academic progress requirements established by the Office of University Scholarships.
  - Students must earn a total of 24 credit hours at Auburn during the fall and spring semesters of each academic year.
  - Exceptions are granted for students participating in the Cooperative Education program.
  - Students unable to enroll at Auburn a minimum of one term in an academic year due to medical resignation or military withdrawal must request reinstatement of their scholarship.
Freshman Scholarship Use
- Scholarship funds are available for use during the summer term.
  - Students who plan to enroll summer term and wish for their scholarship to be applied during that term should contact the Office of University Scholarships.
  - Scholarship funds requested for summer term will contribute to the maximum eight semester total.
  - Students eligible for scholarship funds in the summer must enroll for a minimum of 12 credit hours through a combination of the full term and/or all mini-terms.

- Scholarship funds may only be applied toward the completion of a first undergraduate degree.
  - Students who graduate early are not eligible to apply unused funds to graduate study or a second undergraduate degree. Exceptions are granted for students who are participating in the Accelerated Bachelor’s/Master’s Degree Program.
  - Students may use scholarship funds for the first year of professional study (i.e. Pharmacy or Veterinary Medicine), provided they have not already completed a first undergraduate degree, have semesters of eligibility remaining, and are eligible for renewal.

- Students are not permitted to attend another institution during fall or spring semester without advanced written consent from the Office of University Scholarships. Failure to obtain consent will result in the loss of scholarship funds.

- The total of all institutional scholarships awarded may not exceed the annual estimated cost of attendance.

Tuition Scholarships (Alabama residents only)
- Tuition is applied as a credit to the student’s university billing account as indicated in the scholarship award letter at the annual estimated cost of resident tuition.

- The tuition disbursement amount includes enrollment for 12 or more hours. Registration fees and other fees required regardless of major are not included.

- Tuition disburses at the same undergraduate rate regardless of major. Additional tuition or fees associated with individual programs of study (i.e. Architecture, Audiology, Business, Honors, Nursing, Pharmacy, and Veterinary Medicine) are not included.

- In the event tuition increases, the tuition disbursement amount will increase accordingly.

- Recipients who do not receive additional scholarships and/or financial aid are responsible for the remaining tuition and fees.
